

Welding Dynamics International

Div. of CFM/VR-TESCO, LLC

"Teaming Together for YOUR Success"

Complete inventory of orbital and other automated welding systems

Services

Turn-key Field and Shop projects

Manual and Automated welding

- Stick, TIG, MIG, Flux-core

Field Machining and Cutting

Turbine up-rate support

Rigging and Fabrication

Tube and Pipe welding

Subcontract assistance

Engineered Solutions

Staff augmentation

- Scheduling and Planning

- Project management

- Supervision

- QA/QC personal

- Skilled craft

Corporate Quality Program

- Code Certifications

- NB, NR, PP, R

- ASME Welder Certification

WELDING DYNAMICS INTERNATIONAL
Div. of CFM/VR-TESCO, LLC

Welding Dynamics International

Premier Provider of Specialty Welding Solutions

Goals

- Satisfied customer
- Superior Safety
- Deliver first time quality
- Within budget targets
- On-time schedule
- 24/7 Emergency Service

TYPICAL INDUSTRIAL APPLICATIONS:

- Boilers
- Conveyors
- Dry Fuel Storage
- Feed Water Heaters
- Fined tube and Header
- Furnaces and Heaters
- Heat exchangers
- Heavy wall high alloy piping
- High energy steam piping
- Moisture Separator Reheaters (MSR)
- P91 piping
- Reactor Coolant Piping
- Reactor Vessel
- Service water systems
- Shop Fabrication
- Steam Generator
- Turbine

Industries Served

- Refineries
- Chemical Plants
- Nuclear Power
- Fossil Power
- Heat Recovery
- Renewable Energy
- Pulp and Paper
- Steel Mills
- Pipeline
